To Whom It May Concern

We hereby confirm that we have recently completed commercial developments with Gridco Constructions and found that their service was both professional, efficient and their experience and motivation an added value to the project.

They delivered the product on time and to specification with special attention to planning, programming and quality control. They worked well with the professional team to ensure good information flows to site and maintained delivery dates.

We would highly recommend their services to the industry and look forward to further working relations with them on other projects.

Kind Regards

Giancarlo Lanfranchi  
CEO
